

Cancer Survivorship in Iowa: A collaborative learning series

This series is intended for public health practitioners, physicians, nursing staff, health care administrators, researchers, patients, caregivers, and others who are interested and engaged in cancer survivorship work. The series aims to 1) establish and strengthen relationships between HCCC and key partners in the state of Iowa, 2) increase understanding between HCCC and key partners, and 3) facilitate development of a collaborative research and action plan for the state of Iowa. During each webinar, a HCCC researcher/clinician and a key state partner will present on similar topics for 10 minutes each. The remaining 40 minutes will be devoted to questions and discussions. Recordings of previous sessions will be available at: <https://cancer.uiowa.edu/activities>
